Nine-month program: Sep. 6th, 2011 through May 27th, 2012

### **Tuition:**

Three month course: \$16,800

Nine month course: \$52,400

### **Program Candidates:**

International students in grade 6 or higher, who are either looking to study in American schools, or have recently been accepted to an American school.

### **The Core Curriculum:**

Our highly trained and experienced teachers will help international students prepare for what they will encounter in American school system through courses in U.S. History, Social Studies, and English Literature. Focusing on skills related to research projects, composition and essay writing, vocabulary, science and math terminology, and public speaking, our classes compliment those studied in the most competitive American secondary schools. Students enrolled in the IAE program have the opportunity to visit top universities such as Harvard, MIT and Brown University. Field trips to sites of historical and cultural import are part of U.S. History studies.

### **Credit Courses:**

Students enrolled in the nine-month program can take accredited subjects for an additional cost in math, science, music, art, and foreign languages at the prestigious Lexington Christian Academy. Participating in extracurricular activities, including a variety of sports and theater, are also available at Lexington Christian Academy. All earned credits at Lexington Christian Academy are transferrable to other schools.

### **Benefits of the IAE Program:**
